INDIA'S AGRICULTURE: READY FOR TAKE-OFF

India's agriculture sector is entering a high-growth, investment-led phase, anchored in scale, strengthened by policy, and accelerated by technology. A sector that supports nearly 55% of the population is no longer just about subsistence; it is about surplus, strategy, and global leadership.

SCALE THAT SHAPES THE WORLD

With the world's second-largest agricultural land base, India is not just feeding itself, it is feeding the world. It leads in milk, pulses, and spices, ranks among the top producers of rice, wheat, cotton, fruits, and vegetables, and holds a decisive position in global agri trade.

WHERE SCIENCE MEETS SOIL

A new configuration is unfolding, where precision agriculture, genetically advanced crops, and digital ecosystems are redefining productivity and driving sustainability. Infrastructure expansion across irrigation, warehousing, and logistics is reducing inefficiencies while enhancing farm incomes.

Sector Momentum

- ➔ 40% growth in agricultural output over the past decade*
- ➔ Record food grain production at 3,539.59 LMT*
- ➔ Agricultural exports at an all-time high of US\$ 51.86 billion (FY25)*
- ➔ Agrochemical exports nearly tripled to US\$ 3.3 billion*
- ➔ Food processing contributes 32% of the total food market*
- ➔ Rising investments in agri-infrastructure, digital farming & cold chains
- ➔ Increasing Minimum Support Prices (MSP)

FROM FARM TO FUTURE

The food processing sector, now among the largest globally, is emerging as a value multiplier, driving rural industrialisation, employment, and supply chain resilience.

INDIA IS NO LONGER JUST CULTIVATING CROPS.

It is cultivating capacity, competitiveness, and a future-ready agri-economy.

CII AGROTECH INDIA 2026

A GLOBAL CONFLUENCE OF AGRICULTURE,
TECHNOLOGY & OPPORTUNITY

CII AGROTECH INDIA 2026 20TH TO 23RD NOVEMBER | CHANDIGARH

CII AgroTech India 2026, the flagship biennial agri-technology fair by the Confederation of Indian Industry (CII), returns with its 16th edition, India's definitive agri-tech and business platform—set against the strategic landscape of Chandigarh. With the theme “A Smarter Agri Future for Bharat”, the event positions itself at the intersection of technology, sustainability, and scale.

WHY IT MATTERS

Since 1994, this biennial platform has enabled convergence at scale, bringing together:

- Farmers & Progressive Growers
- Agri Professionals & Industry Leaders
- Technology Innovators & Startups
- Policymakers, Institutions & Global Stakeholders

More than a showcase, it is a bridge between innovation and implementation, translating ideas into on-ground impact.

WHAT TO EXPECT (4-DAY EXPERIENCE)

- 400+ exhibitors from India and overseas
- Thematic pavilions: FoodTech, Dairy, Farm Machinery, Agri Inputs & more
- Live demonstrations in precision farming, IoT, drones & smart irrigation
- High-impact B2B, B2G & B2F engagements
- Knowledge forums aligned with national missions like Digital Agriculture & PMKSY

OPPORTUNITY LANDSCAPE: INDIA RISING

- Rapid adoption of AI-led precision agriculture
- Surge in AgriTech startups via platforms like AGRIUDDAAN
- Expansion in food processing & value addition ecosystems
- Growing momentum in organic, natural & solar-powered farming
- Agri exports crossing \$50 billion, signalling global demand

WHY CHANDIGARH

Located in the heart of India's agri belt, Chandigarh offers unmatched access to progressive farmers, robust infrastructure, and seamless connectivity, making it the ideal launchpad for industry-wide engagement.

CII AgroTech India 2026 is more than an event.

It is where India's agricultural future is imagined, engineered, and empowered.

Give your venture a competitive edge. Confirm your participation today.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organisation, with around 9,700 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 318 national and regional sectoral industry bodies.

For more 130 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with the Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialised services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains, including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2025-26, CII has identified "Accelerating Competitiveness: Globalisation, Inclusivity, Sustainability, Trust" as its theme, prioritising five key pillars. During the year, CII will align its initiatives to drive strategic action aimed at enhancing India's competitiveness by promoting global engagement, inclusive growth, sustainable practices, and a foundation of trust.

With 70 offices, including 12 Centres of Excellence, in India, and 9 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with about 250 counterpart organisations in almost 100 countries, CII serves as a reference point for Indian industry and the international business community.
